INSTRUCTIONS

FENCES ERECTED IN THE VILLAGE SHALL ADHERE TO THE FOLLOWING STANDARDS:

- (1) No fence in a front yard of a residential district shall be erected, altered or reconstructed to a height exceeding forty-eight (48) inches above ground level.
- (2) Fences in any rear or side yard of a residential district may be erected, altered or reconstructed to a height of up to six (6) feet above ground level.
- (3) Fencing used to enclose a tennis court may be permitted up to ten (10) feet in height, provided that such fencing is not less than twenty-five (25) feet from either property line.
- (4) These restrictions shall not be applied so as to restrict the erection of a wall for the purpose of retaining earth.
- (5) Fences in nonresidential districts may be up to eight (8) feet in height, except that they shall not exceed forth-eight (48) inches in height in any front yard.
- (6) No fence shall be erected to encroach on any property line or upon a public right-of-way and shall be set back not less than one (1) foot from any sidewalk.
- (7) The face side of all fences erected shall be located so as to face the adjoining lot.
- (8) No fence shall be erected in a special flood hazard zone.
- (9) All fences on corner lots shall follow 163-30 L of the Warsaw Zoning Code.
