INSTRUCTIONS

- A. This application must be completely filled in by typewriter or ink and submitted to the Superintendent of Buildings.
- B. Building and Zoning permits shall be required for all swimming pools having a depth greater than eighteen (18) inches.
- C. Plot plan showing location of pool on the lot and measurements to lot lines and all buildings on the premises.
- D. All in ground and above ground pools shall be completely enclosed by a fence of not less than four (4) feet in height. The fence shall have a self closing and self latching gate. The latch shall be on the inside of the complex. Above ground pools less than four (4) feet in height shall be similarly fenced.
- E. Outdoor swimming pools shall be located in the rear or side yards and shall conform to the minimum setback for a structure in the district.

(OVER)

- F. Lighting erected and operated in connection with a pool shall be located so as to have no glare to adjacent properties.
- G. A filtering system shall be installed in all pools having a capacity in excess of 1,000 gallons of water.
- H. Applications for swimming pool permits shall comply with these regulations and all applicable requirements of the State of New York. Where the regulations of the Village and State are inconsistent, the more restrictive requirements shall govern.
